Wendy Kirkland

How did an award-winning artist and sculptor, who owned an eclectic gift shop in Historic Biltmore Village, end up an option guru? Let's see...

- A freak flood left Wendy's store in ruin and forced her to find a new source of income. Determined to secure her financial future, Wendy turned to option trading and the leverage it offers.
- Inspired to help other women enjoy the financial security she had found, Wendy launched WomenOptionTraders.com and began giving online classes. *"As I teach other women to successfully trade options, I become a better trader myself"*, she said.
- A natural-born teacher, her following grew quickly and so did requests for an easy-to-understand book on options. So in 2009 Wendy co-authored "Option Trading In Your Spare Time—A Guide to Financial Independence for Women".
- Insightful, comprehensive, and easy-to-read, "Option Trading In Your Spare Time" received rave reviews. And get this: undeterred by the title and pretty pink cover, more men than women bought the financial bestseller.
- When TradeWins Publishing heard about Wendy's tremendous success they called her right away. Since then Wendy has written numerous books and taught thousands of people about trading options... and her popularity has soared!
- Understanding the novice trader and the kind of help they need to be successful, TradeWins convinced Wendy to bring it all together in an even easier-to-follow wealth-building package... with a detailed manual... specific trade opportunities... and real-time guidance.
